

To The DHS Class of 2020,

It is with great enthusiasm that we congratulate each of you on your upcoming graduation. Over the course of your four years with us, we have watched you grow into confident, capable students ready to take on the next phase of your life. Whether it was in the classroom or stage, playing field or academic activity, the way the Class of 2020 approached your work served as a model for our entire community.

When you think about your time at Danvers High School we hope that it is filled with amazing memories. But we would be remiss if we did not acknowledge that it may not have always been easy either. Juggling academic demands, co-curricular opportunities, and meaningful social relationships required you to prioritize and make decisions on how you spent your time. Whether it is on a college campus, the military, or the workforce, you have the opportunity to bring these experiences and skills with you.

This Spring has presented unprecedented challenges in how we educate students at DHS. While it isn't how any of us wanted to end our time together, please remember one thing ... regardless of where you go or what you do, you will ALWAYS be welcome at DHS. Once a Falcon, Always a Falcon.

Our sincerest congratulations on this important milestone.

Until We Meet Again ...

The Administration, Faculty and Staff at DHS
