3. **Dress for Success** Presentation is important - and the building can be chilly.
4. **Find a friend.** Make a connection in each block so you can get updates and answers.
5. **Ask questions,** There are no silly questions - be sure to ask so that you can feel confident.
6. **Academics Count** Summer reading? Early lessons? Everything counts toward your ultimate GPA, so start your success early and every day.
7. **Find Your Locker** and get a lock. You are responsible for that location and its contents. The number is on your schedule.
