3. DHS Remote Learning Plan Update - the current phase of our Remote Learning Plan is running through the end of the school year.

May 4th - June 18th

Students will be given credit for submitting work assigned between April 6th and June 18th. Students should be checking their Google Classroom pages for assignments. Please contact us with questions. Special education questions can be directed to your child(ren)'s special education liaison. Teachers will also be available for office hours each school day to answer questions and support students.

Please encourage and remind students to check their Google Classrooms and Danvers email accounts each day to stay current on assignments and important updates.

Quarter 3, Quarter 4 and Semester 2 grades will be assessed on a Pass/Fail (Credit/No Credit basis). In addition, the following table provides more details on grades:

Year end grades for all students will be calculated using the following scenarios:

Semester 1 Pass + Semester 2 Pass	<ul style="list-style-type: none"> The Year End grade will be the semester 1 grade plus 3 percentage points. For example if a student got an 87% during Semester 1 and passed Semester 2 then their final year end grade would be 90% (87%+ 3 points)
Semester 1 Fail + Semester 2 Pass	<ul style="list-style-type: none"> End of Year Grade determined on a case by case basis.
Semester 1 Fail + Semester 2 Fail	<ul style="list-style-type: none"> FOR SENIORS - Students will work in an Senior Independent Study to complete missing work to earn a passing grade, if possible, in order to graduate. FOR UNDERCLASSMEN - we will work with teachers and students to examine each case individually.

We will not have **Final Exams** and will be providing students opportunities to practice Social Emotional Learning Competencies and reflect on their time with remote learning for the last week of school in June.
